1. . Sarvatra Dristhi Sw, sponsored by CME in collaboration with Vasundhara Geo Tech Pvt Ltd users AI algorithm for Change Detection (CD) and Object Detection (OD) in Satl Imagery.
2. A similar proj (**Artificial Intelligence Image Analysis**), on AI based Satl Imagery and Analysis Proj with well-defined milestones is already underway at MI Dte.
3. Recom.
 - (a) The sw being prep by CME was vetted by reps from MINTSD and it has been found that the SW, requires refinement.
 - (b) Keeping in line with ARTRAC letter 740008/Tech Proj/ Doc/ CP at 17 May 22, the ibid proj may be pursued as a parallel IR & D Proj.
 - (c) Post completion, the prototype can be validated through fd trials and if found aligned to the reqmts of MI-17 same may be accepted for whitelisting.
