STATEMENT OF CASE (SoC) FOR WHITELISTING OF DRAGON NATURALLY SPEAKING SOFTWARE FOR THE INSTITUTE OF MILITARY LAW

INTRODUCTION

1. Dragon Naturally Speaking Software is a Speech to Text Software, also known as speech recognition or speech dictation software that facilitates in converting the spoken language into text in real time and allows users to dictate long texts. Dragon Naturally Speaking is a speech-recognition program that provides comprehensive Lexicon which includes extensive legal terms, phrases, citations, ensuring accuracy in transcribing legal language. This software is a type of AI which serves individual professionals with best-in-class speech recognition, ensures accurate adaption to user's voice and accent, thereby facilitating in recording the Court of Inquiry, Summary of Evidence and Court Martial Proceedings.

AIM

2. To facilitate the Judge Advocate and the Presiding Officer in recording the proceedings of Court of Inquiry, Summary of Evidence and Courts Martial.

OBJECTIVES

3. The various investigative proceedings including the Court of Inquiry and Summary of Evidence proceedings are detailed documents which include statements of witnesses and transactions of the proceedings. This Software aims in providing assistance to the Court as well as the Presiding Officer/Recording Officer as it would enable automatic recording. This software would also be used for recording the Court Martial Proceedings.

FINANCIAL JUSTIFICATION

4. The Software license costs Rs. 80,000/- per license.

Place: New Delhi

Date : 27 Jul 2024
