S No	Mandatory Details	Comments
1.	Name of Project	Commanding Officer Decision Support Package
2.	Name of Sponsor	48 Armoured Regiment
3.	Type of Software	Bespoke
4.	Brief Justification on requirement for development of Software application	To integrate the features of the existing unit management packages and obviate the challenges and shortcomings of Human Resource Management Software (HRMS) and Integrated Quarter Master Package (IQMP)
5.	Aim & Scope purpose including utility, beneficiaries & target users	<p><u>Aim.</u> To enhance and automate unit management by development of a user defined software.</p> <p><u>Utility.</u> To assist Commanding Officers in unit management by creation of a LAN connected platform to access the data of personnel and equipment of the unit.</p> <p><u>Beneficiaries.</u> Commanding Officers, sub-unit commanders and Staff Officers.</p> <p><u>Target Users.</u> Unit and sub-unit.</p>
6.	To be hosted on Internet/ADN	Unit internal LAN/ADN
7.	Being developed in house or through IT fund	IT Software fund
8.	Usability of proposed applications by other arms	Yes
9.	Hardware & IT Infrastructure required	Unit resources and PC with 15 processor and 1 TB SSD
10.	Brief Details of content of proposed Software application	Data Automation (Office procedures, and manpower)
11.	Endorsement by Head of Br/service/ Fmn	150 Armoured Brigade/18 RAPID/10 Corps/South Western Command
12.	Details of user base	CO, Staff Officers & Branch superintendents
	Addl Details (Optional in pre Apvl Stg: Mandatory in Post Apvl Stg)	
13.	Envisaged cost of entire project including license fees and maint	₹2.5 Lakhs 2

<u>S No</u>	<u>Mandatory Details</u>	<u>Comments</u>
14.	Projected dt of completion incl maj timeline	September 2023
15.	Brief details of software platform and tech stack proposed for developed of appl incl op sys dependencies (if any)	Windows 10
16.	Brief details of proposed network and bandwidth reqmt	Initially to be used by Armoured and Artillery Regiments
17.	Brief details of OS and Sys software reqmt	Windows 10, i5 11 Gen processor
18.	Brief detils of purposed data security measures incl backup of data	1 TB HDD 7 Central server
19.	Brief details of proposed Database Engine to be used in the Appl	PHP, Java Script and MySQL
20.	Details of Sw architecture and COTS Sw purposed to be utilized	Human Resource module, Ammunition inventory management module, Vehicles management module, account management module
21.	Detls of purposed architecture (Centralised/Federation/Hybrid)	Centralised
22.	Brief details of purposed utilisation of Public Key Infra (PKI) and Iden and Access Mgt (IAM)	Iden and Access Mgt (IAM)
23.	Technology dependencies (If any)	NIL
24.	Database requirement	Manual data entry by user unit (initially) Periodic updation of data
25.	Enhancement/upgradation (incl patch mgt/Sw updt proc and mech)	Yes
26.	Details of licensing (if any)	NIL
