MISO Cell, Delhi

**INCLUSION OF PARAMETERS IN ANIMAL MODULE OF MISO**

1. PI ref DDGIT, Dte Gen Info Sys GS Br letter No 0331921A/15550/HQNC (IW)/ DDGIT (T & P) dt 02 Jul 2024 (**Copy att**).
2. This unit has developed a Sw for Army Dog Units with an aim towards digitisation of Canine records and automation in unit report and return functionalities.
3. The Sw was presented during SAC meeting towards whitelisting of the sw. It was directed that the database of MISO be utilised to avoid duplication of database within the organisation.
4. This unit has analysed the existing attributes in Animal module for replacing the software database with MISO database and it is requested that following attributes be included in MISO database for complete integration alongwith achieving full functionalities of the Sw:-

<u>Ser No</u>	<u>Attribute</u>	<u>Justification</u>
(a)	Employment	Task Canine employed (e.g. ROP, etc)
(b)	Allotted To	Canine deployed with unit/sub unit
(c)	Weight	Weight of Canine
(d)	Vaccination date with name of vaccine	Vaccination details
(e)	Training duration	Trg conducted (NO of days/ hours)
(f)	Training place	Trg conducted at (loc)
(g)	Name of trainer	Details of trainer
(h)	Deworming date with drug used	Deworming date and drug used
(j)	Hospital admission and discharge date with hospital	Hospitalisation details
(k)	Name of handler	Handler Rank and Name
(l)	Utilisation record with specialization	Scope of employment (e.g. NO of kms ROP conducted)
(m)	AVE record with date and place	AVE date and loc

5. It is also requested that access of MISO database be provided to this unit to enable integration with the developed software.
