**<u>WHITELISTING OF DESIGN & DEVP OF A COMPREHENSIVE SW APPLICATION
FOR AUTOMATION OF EST PROCEDURES OF EME</u>**

1.   Ref subject case recd on PAW (Portal for Appl Sw).

2.   It is intimated that subject case recd for whitelisting has been apvd for dscn in the upcoming STC (Auto). However, the sponsor is requested to clarify the following aspects during the mtg of the committee: -

   (a)   It is obs that the proposed appl does not pass the duplicacy test as most Data fds as reqd are partly existing in MISO or can be built easily as per reqmt.

   (b)   Further, in line with the dirn to mov to Zero R & R envt and also to reduce effort reqd in devp/ testing/ hosting/ NW resources/ maint there is a need to review the proposal.

   (c)   Prior to STC (Auto) the dealing offr / sec shall interact with MISO/ DGIS to build workflows reqd by Dte.

   (d)   The pt of contact at MISO shall be Brig MISO/ Col MISO.

3.   For your info and necessary action pl.

                                                                (Suresh Kumar)
                                                                Col
                                                                Col IT
                                                                for Brig IT
