(k)	**Upgradation & Maint of SAMA Appl** (i) **Backgrnd**. SAMA is an in-house effort alongwith BISAG-N to devp a web based appl on a centralised architecture as a single window GIS platform to ingest and integ inputs from all OIS (BSS, E-Sitrep, ACCCS, ADC & RS & EW Sys), MIS (MISO, UAP, CICG, EMERALD, Dhanwantri) and other Int Sources (incl Tac, OS Int). The proj is planned from Bn upto AHQ to provide real time sit awareness and efficient Decision Sp Sys (DSS) for Cdrs to take timely and info decisions based on credible int inputs. **The appl has already been whitelisted vide Cert No 25/2023 dt 28 Jun 2023**. (ii) **Enhancement in Scope**. The initial scope of the proj SAMA was ltd and tailored to meet the specific reqmts of IA wrt providing Sit Awareness	(i) Committee recom the upgradation of SAMA appl as a quintessential reqmt for its emp as an interim Decision Sp Sys (DSS) for IA, till the phased impl of CIDSS is completed. The upgradation shall incl infusion of niche tech AI/ ML for enhancing the scope and usage of the appl. (ii) Committee recom the agenda pt for the consideration of OAC.	**CIDSS/ DGIS**

	needs of Cdrs at various hierarchical levels. Hence, the proj was devp by BISAG-N as part of MoU betn DGIS and BISAG-N on NCNC basis. However, as the op needs evolved and expanded due to emerging threats, the scope of SAMA was also enhanced to meet these op reqmts. The complexities of the proj grew beyond the capb of BISAG-N necessitating an enhanced apch to meet the evolving demands of AI/ ML model devp and integ with various Op Info Sys (OIS) and Mgt Info Sys (MIS) appls with SAMA. The complexity of the proj with its intricate tech reqmts and integral challenges surpassed the capacity of the existing BISAG-N team. (iii) **Proposal for Upgradation & Maint of SAMA**. SAMA was devp by BISAG-N on NCNC basis. However, with rapid proliferation of the appl pan IA, there is a reqmt of enhancing the scope integ with emerging tech like AI/ ML, integ with various OIS/ MIS appls, periodic upgrades and eff utilisation for estimated life of five yrs. (iv) **Cost**. ₹ 3.164 Cr.

(n)	**Digitisation of Def Land Records of Delhi Area** (i) **Gen**. Land Br at HQ Delhi Area deals with plethora of cases related to def land. The handling of def land cases often requires the land records be kept handy for ready refs with adequate detls of landscapes, bdys, satl photos, actual photos and geo locs under the jurisdiction of HQ Delhi Area. (ii) **Backgrnd**. The def land in and around Delhi is divided into various Zs, Sect & Cl and held with various agencies like DEO, Cantt Bd, IAF, IN, SFC & Pvt Instlns, apart from HQ Delhi	(i) Lt Col AR Packianathan, GSO-1, ACCCS briefed the Committee on the GIS based 'Land Mgt Sw' under devp for HQ Delhi Area. The Sw appl will be expl for maint of land records in a digitised format for accurate accounting and mgt. 	Area. The land being at premium in Delhi, a No of requests are recd for temp and permt tfr of land from various orgs. Apart from that, there are a No of encroachments and NOC violation cases/ court cases involving land title being dealt by Land Br. Reqmt of land for KLP, Md accns, Schools and any other infra devp/ welfare proj has 'Land' as the start pt. However, at Delhi Area the land records are still being maint in files/ manually. (iii) **Essential Reqmt**. Over the yrs, with the digitisation of records at DEO, DGDE & MoD (Lands) level, the time frame to comment on any request of land has shortened considerably. Presently, the est is dependent on the human knowledge acquired on the job by land br functionaries, there is a scope of subjectivity creeping in and after every three yrs. Therefore, to avoid subjectivity and to create a threshold knowledge bank, it is prudent that digitisation of land records and policies be undertaken on priority. (iv) **Proposal**. Land digitisation would entail the process of converting traditional land records, maps and info related to land into digital forms. This transformation involves devp appl to create, manage and store land related data in digitised form. Hence, it is proposed that assistance of DGIS be provided for devp the appl for digitisation of Def Land Records of Delhi Area. A detl 'Assessment of tech Landscape' was carried out in 11th EATC Mtg held on 03 May 24, wherein Lead PSO and Anchor Dtes were earmarked for steering the projs pertaining to adoption of niche tech in IA. Hence, there is a reqmt to form 'Tech Cluster Specific' Sub-Committees for absorption and adoption of niche tech. (ii) **Purpose**. The reqmt to form 'Tech Cluster Specific' Sub-Committees for Niche Tech is an imperative for formulating the roadmap for absorption of niche tech pan IA. (iii) **Proposal**. The draft role, charter, composn and reporting mechanism incl freq of conduct of the Sub-Committees mtg is att as **Appx C**. The draft organogram of AI Sub-Committee is placed as **Appx D**.
